Selectmen Conducting Too Many Executive Sessions

ARE OUR SELECTMEN AFRAID?

We have been watching our Board of Selectmen for the past few weeks and we have come to the conclusion that they do not want to let the people of Wilmington know what is happening. For the past few weeks they have barred the press from their meetings after letting them sit in for a while. They say, now we will discuss the budget and representatives of the press step out. They really do not have to leave, that is the press, unless the whole board votes so. The whole board votes so, we suppose, and we believe that the town would be much better off with a whole new board. But since this is not possible, the people of the town will be kept in the dark until the Selectmen realize that their actions are not at all to the best interests of the town.

The people put the present board in and the people should be informed of what goes on but it seems that the board does not think that the people are intelligent enough to hear what they are doing. We have a reporter that is very intelligent and we know that this worker of ours would be a credit to any newspaper in the country. Ignorance breeds DICTATORSHIP and it looks as if we in Wilmington have a DICTATORSHIP in the town hall and that to our way of thinking is mighty bad. When a town board excludes the press from its meetings, we feel that the board does not have confidence in their abilities.

The people of Wilmington want to know what is going on and not what the POLITICIANS want them to know. It is too bad that the whole board of Selectmen is not running for re-election, then the people could thank them by putting in a whole new board. We know this will not happen because they are too powerful now, but if enough new people register and vote, maybe from year to year changes can be made which will put new blood into town hall veins.

SNOWSTORM SIDETRACK YOUNG REPUBLICANS

It was necessary for the Young Republican Club to cancel its meeting for January due to the fact that Mr. Fox was unable to skid down from Worcester and half of the officers had their cars stuck in their own backyards. However, their enthusiasm is not dampened or frozen, whatever the temperature. They are swinging on full force for the next meeting, which will be on the second Monday in February.

Pay attention to the cards you are receiving. Thank you for the good response we received this month. We are very much interested in whether or not YOU come. If you are not on the mailing list as yet, call Nancy at OL 8-2670, or Marilyn at OL 8-2913 or drop into 99 Church St. and leave your name for us.

GAS STATION FOUND OPEN

Upon making their usual rounds of the town on Sunday night, January 22, officers Kelley and Ellsworth found Harrington's Gas Station on Main St., open and a window broken in the front of the building. However upon investigation it was determined that the window had been broken during the day and the temporary cardboard shield which had been put up had blown down.

The child was suffering convulsions. She was held at the hospital for further treatment. Officers Kelley and Shepard responded to the call which was placed by Dr. Fagan.

FOR WANT OF A CANDY BAR

The candy vending machine in our local police-fire station has been damaged, it is feared beyond repair, by someone who dropped a nickel in the slot and failed to get any reward for his efforts. No candy, no nickel, no nothing, just a broken candy machine.

McKELVEY STEPS OUT DUE TO DOCTOR'S ORDERS

Harold William McKelvey announced to-day that he has been advised by his doctors against running for Wilmington's Town Moderator. Over four hundred of the Townspeople have already signed his nomination papers. This is the third time that Mr. McKelvey has been compelled to withdraw and he stated that he is deeply disappointed and regrets having to make this important decision. Mr. McKelvey is well known throughout the town and has been most active in town, county and State government for several years. He has an exceptionally fine educational background, and is a recognized authority in Parliamentary Procedure and law. Mr. McKelvey stated further that he again publicly tenders his full support to the reelection of Wilmington's present Moderator, At. Simon Cutter and wishes him good health and God's Blessings. Mr. McKelvey fervently thanks everyone who signed his papers and hopes to be able to try again next year. He was seriously injured in a railroad accident and has been hospitalized seven times in the past four years.

AMBULANCE BEING RENTED

For the benefit of anyone who may be worrying, since it was announced that the town is badly in need of a new ambulance, there is one at your disposal when you need it. It is being rented by the town from the Meteor Motor Car Co., of Lynn. This vehicle will be at your service until the March town meeting when it is hoped money will be appropriated for a new one.

WILMINGTON PTA CASSEROLE SUPPER SUCCESSFUL

The turnout for the PTA Membership Supper on Jan. 16 at the High School Cafeteria was wonderful. The Executive Board did a tremendous job on short notice in the preparation. Thanks to all of the kind townspeople for their support.

Mr. Collins, our Superintendent of Schools, appeared with charts and graphs of the survey he had made of our needs in the school housing, and pointed out that we must get busy and support new schools to house these fine children of ours. There will be copies of the survey available very soon and we'll let you know.

The revised by laws were presented and discussed and will be voted upon at the next meeting.

Parents with children in the Buzzell, Swain, and Center Schools—we need a Parents Organization. Please contact Marilyn Fenton at OL 8-3913, or Nancy Clark, OL 8-2670, for more information on this.

At the meeting, the body voted unanimously to back the State Aid to Schools, and telegrams were sent to the Representative and Senator in our area to state so.

The Veterans of Foreign Wars held their monthly Social on Saturday evening, Jan. 21, at the VFW Hall on Main St. Italian spaghetti was the menu for a delicious supper. Plans for the next one are afoot, and watch the paper for the time and place. Looks like a Square Dance is in view.

Dr. Marie Farrell, acting dean of Boston University school of nursing, will present 26 January graduates at the school's Convocation on Saturday, January 28, at 7 p.m., in the Daniel L. Marsh Chapel, 735 Commonwealth Avenue.

The group of 10 basic nursing students have completed a four and one half year program, having entered from high school and combined nurses' training with a college degree program. They are the last class in this program which has now been concentrated into four years.

Also being honored at the Convocation will be 16 graduate nurses who have completed special nursing studies. Both groups will receive the Bachelor of Science degrees from Boston University at the June Commencement.

Prof. Harold Ehrensperger, associate professor of religion and the creative arts at Boston University school of theology and director of Foreign Student Affairs, will present the Convocation address on the topic "Prospectives on a Standard of Living." Dr. William A. Overholt, Protestant chaplain at Boston University, will also participate in the program.

Among the graduates was Agnes T. McGrath of 11 Auburn Ave., Wilmington.

Selectmen's Meeting

Monday, Jan. 16, meeting of the board of selectmen, two renewal licenses were granted Elaine B. Curran receiving a renewal of her license to operate one five ball type pin ball machine at the Wilmington Bowladrome and Joseph Balestrieri's license to operate a taxi at Main street was renewed. A license was granted to Fred Johnson to operate a taxi on Main street, but the board decided to request more information as the traffic conditions in Wilmington Center are becoming quite hazardous and they believe each taxi should have a definite site rather than just dash in wherever there happens to be an opportunity.

A notice of condemnation by the Board of Health was read to the board. This notice was against the property of John D. Cooke at 267 So. Main street, Lot No. 6 Plan of Atkins Grove Park, Fairmeadow road. This property was declared "unfit for human habitation."

The board received a letter from the Middlesex County Selectmen's Association requesting that they attend the first meeting of 1956, to be held on Jan. 25 at the town hall in Arlington. Most of the

members of the board are planning to attend this function.

Mr. Courtney related the details of his meeting with Mr. Volpe last week, regarding the re-routing of Route 28. He stated that after much discussion, it was not possible to receive a specific answer, but that he gathered there would be very little change in the proposed route.

CAPTAIN KID STUFF

(OR...JOHN'S MISTAKE)

John was growing up. (He shaved. He drove a car. He wanted to impress girls.) But John was impatient. He wanted to be more grown-up. He wanted a grown-up reputation. In short, he wanted to make a name for himself. That's natural. Most young men his age feel the same way. But John made a mistake. He expressed his impatience and his ambition behind the wheel of a car.

He became another "highway cowboy." He purposely drove fast ... didn't use chains on snow or ice ... skidded ... took chances ... raced on crowded streets. He thought this would make him seem more grown-up. But the gang could see through his antics. They gave him a name all right—"Captain Kid Stuff." They were smart enough to know that Careless Driving is Kid Stuff.

THE SIX RULES OF WINTER DRIVING

1. ACCEPT YOUR RESPONSIBILITY to do all in your power to drive without accident. Don't blame the weatherman for an accident.
2. GET THE "FEEL" OF THE ROAD. Try brakes occasionally while driving slowly and away from traffic. Find out just how slippery the road is and adjust your speed to road and weather conditions.
3. KEEP THE WINDSHIELD CLEAR of snow, ice, fog and frost. Be sure headlights and defrosters are in top condition and windshield wipers don't streak.
4. USE TIRE CHAINS AND GOOD TIRES. Don't rely on worn smooth tires. Use tire

chains on snow and ice. They cut stopping distances about half, give 4 to 7 times more starting and climbing traction ability.

But even with the help of chains, slower than normal speeds are a "must" on snow and ice.

5. PUMP YOUR BRAKES to slow down or stop. Jamming them on can lock the wheels and throw you into a dangerous skid. A little skidding can carry you a long way.

6. FOLLOW AT A SAFE DISTANCE. Keep well back of the vehicle ahead—give yourself room to stop. Remember, without tire chains, it takes 3 to 12 times as far to stop on snow and ice as on dry concrete.

DO YOU KNIT? YOU CAN HELP A BIT

The American Legion Auxiliary ladies can all be found at home these evenings knitting individual 83" length strips which are being sewed together by the Afghan Chairman, Mary White, to complete an afghan 61" by 83".

Our chairman has put one together and another is on its way. However, we would like to keep going on this project which is one of our most important aims to help out in the rehabilitation field, and which also helps to keep up the morale of a confined vet.

There is a desperate need at Rutland Heights Sanatorium for this particularly large afghan. Because of the nature of the veteran's illness they have to be put out in the fresh air every day and it takes an extra large afghan to keep them comfortable and warm.

There is quite a long list of veterans still waiting for one of these afghans to be wrapped around them during their daily outings. If anyone would like to join us in taking a few names off their waiting list it would be greatly appreciated.

The directions are: cast on 30 stitches and knit all the way to 83" long, with size 5 needles and 4-ply yarn. Any and all colors may be used. If you have an amount of 4-ply yarn just lying in a sewing basket, won't you knit them into a 83" individual strip to help a veteran keep nice and warm during his stay at Rutland Heights Hospital?

Anyone wishing to donate a strip, please call President Alice Murphy at OL 8-3648, or Afghan Chairman Mary White at OL 8-3307.

Francis Shea of North Andover. Others will be announced later.

This is a wonderful opportunity to get better acquainted with your pastor, Rev. Edmund Croke, and to meet new parishioners and know better old friends.

The committee follows: Rev. Edmund W. Croke, Hon. Ch.; May Quandt, Gen. Ch.; Mary Woods, Ticket Ch.; Rose Cavanaugh, Decorations; John Kenney, Publication; Al O'Connors, Program; Mr. Donald Marshall, Candy Booth; and serving as co-chairmen in charge of Refreshments will be Dorothea Provenzano and Dee Enos. The General Committee includes: John Amaro, Mrs. Albert Blanchette, Jean Collins, Betty Downs, Della Enos, Maynard Eaton, Eddie Gallagher, Danny Gillis, Mrs. Landry, Alan MacMullin, Carl Marcy, Mrs. Donald Marshall, Mrs. John McGuinness, Joanne McInnis, Esther Moore, Marion Nee, Paula O'Brien, Al O'Connors, Al Quandt, Rita Richardson, Mrs. William Rogers, and John Winters.

HAPPY JACKS START NEW SERIES

The Happy Jacks started a new series on Wednesday, Jan. 18 at the home of Calista Boudreau on Wilmington Rd., Burlington.

The next meeting will be at 2:00 p.m. Wednesday, Jan. 25 at the home of Ivy Lienhard on Elwood Rd., and will be in the charge of Mildred Burns.

MORE ABOUT ST. THOMAS' REUNION PLANS

The committee in charge of the Second Annual Reunion of St. Thomas' Parish are still hard at work planning the evening so that all will proceed smoothly. An entertainer George Gillette, has been engaged. Mr. Gillette will present a comedy-variety act during a break in the dancing, music for which is being provided for by the well-known Herbie Wayne.

This has been a very busy and successful year for St. Thomas' Parish under the leadership of Father Croke and Father Regan, and the Reunion presents a grand opportunity to congratulate them on their progress. The tremendous success of the Bazaar held last October heads the list of achievements which have swelled our growing Building Fund. Building a new church is an enormous project and everyone who contributes to these affairs run for its benefit will someday look with pride at the new church and feel that they have done their share toward the building of it.

This year the honored guests will include Rt. Rev. Albert Shea, our former pastor and Rt. Rev. Mons.

ROTARY HEARS TALK ON ALCOHOLISM

At the meeting of the Wil-
 mington Rotary Club last
 Wednesday Charles W. Gaus-
 man of the State Department
 division of Alcoholics gave
 an informing address on the
 problem of alcoholism. Non-
 professional groups are ren-
 dering valuable service in at-

tempting to rehabilitate such
 persons, and the State De-
 partment has now begun the
 creation of clinics in connec-
 tion with the state hospitals.
 The speaker explained that
 here is little problem so far
 as social drinking is concern-
 ed, but that so many progress
 to the point of becoming prob-
 lem drinkers and then go
 still further to the stage of
 being alcoholics, who have
 no control over the habit.

During the business meet-
 ing Harold F. Garrett of
 Ledgewood Rd. was inducted
 into membership under the
 classification "Building Con-
 struction", bringing the pre-
 sent membership of the club
 up to 49.

The question of a Ladies
 Night for 1956 was referred
 to the Fellowship Committee,
 and it was announced that the
 governor of the District, Fred
 Bliss of Wakefield, will come
 to Wilmington on Feb. 8th
 for a club assembly with the
 committee heads at 10 a.m.,
 to be followed by his annual
 visitation to the club at the
 regular luncheon that day at
 12:15.

ST. DOROTHY'S HOLY NAME BOWLING LEAGUE

Emerging from the triple
 tie of last week, the Blue
 Birds are in the lead with
 36 wins and 20 losses; follow-
 ing behind them are the Red
 Wings with 33 wins and 23
 losses; the Lakers and Forty-
 Niners are tied in third place
 with 32 wins and 24 losses.
 The Just For Fun are com-
 ing up a little with 22 wins
 and 34 losses and the Yo-Yos
 are still stuck in the mud
 with 13 wins and 43 losses.

The high single was gained
 by Jack Flynn, 116, high tri-

GREEN WHIST AT ST. DOROTHY'S

The next coming event in
 the annals of St. Dorothy's
 Parish will be the mammoth
 green whist which will be
 held at the Tewksbury Town
 Hall on Friday, March 16 at
 8:00 p.m. Many fine prizes
 will be awarded and the pub-
 lic is cordially invited to at-
 tend.

The first Navy regulation
 covering sailor's clothes pro-
 vided that in washing the
 deck, they were to be bare-
 footed and their trousers rolled
 up. This regulation is fre-
 quently quoted as the reason
 for sailors' bell-bottom trou-
 sers, i.e., they were made so
 the bottoms could be pulled
 over the knees.

 Wood has long been recog-
 nized as a superior material,
 but many persons are not
 sure exactly why it is superior.
 The reason, according to the
 National Lumber Manufactur-

 structure of wood is com-
 prised of myriad cells con-
 taining dead air spaces which
 retard passage of heat and
 cold.

NORMAN THOMAS STATES A PRINCIPLE

Organized labor has no
 stouter supporter than Nor-
 man Thomas, the long-time
 Socialist Party leader. For
 that reason, if no other, un-
 ion heads and the rank-and-
 file alike should ponder some-
 thing Mr. Thomas said in a
 recent newspaper column.

He endorsed the political ac-
 tivities of the great unions, on
 the grounds that "so deeply
 do government actions affect
 all workers and their families
 that labor's own organizations
 in their interests must speak
 out on social policies."

But then Mr. Thomas added
 an all-important qualification:
 "What a labor union or fed-
 eration has not a right to do
 is to coerce its members by
 ordering them to vote thus or
 so or face union discipline.
 Neither has it a moral right
 to tax individuals against their
 will to support this or that
 candidate.

"Morally, aside from any
 present legal provision, labor
 contributions to political
 campaigns should be separately
 raised by voluntary gifts or
 assessments which the dis-
 sent from the union's in-
 dorsement may refuse to pay."

It is equally important, on
 comparable moral grounds,
 that every man should have
 the right to work whether he
 chooses or does not choose to
 join a union—and that he
 should be protected from co-
 ercion by either the union or
 the employer.

BAD RECORD

In 1955 the state legislature
 set a new record — and one
 which is bad news for the tax-
 payer. According to the Tax
 Foundation, possibly as many
 as 3,000 new tax laws were
 passed. A large proportion in-
 volved increases in taxes — on
 personal incomes, on business,
 on gasoline and motor ve-
 hicles, and so on.

Hope is held out for some
 reduction in federal taxes in
 1956. That will be of small
 cheer if it is offset, or largely
 so, by increased local taxation.

The point is that we must
 keep a weather eye on the
 state house and the city hall
 as well as the national capitol.

In 1841, Navy Captains had
 only buttons on the cuffs,
 while Navy doctors had 3
 stripes of gold lace. This lat-
 ter was a distinctive mark of
 a Spanish colonel, and in
 Spanish ports it frequently
 happened that the guard was
 turned out and full military
 honors were paid to the doc-
 tor while the Captain passed
 unnoticed. This was believed
 to have led to the introduc-
 tion of distinctive bands of
 lace for officers.

BOARD OF HEALTH MEETING

At the regular meeting of the Board of Health on Tuesday, Jan. 19, the greater part of the evening was given over to final discussions and plans for the new Dump Regulations. These are now ready to be printed.

The application of Anthony Signore for a permit for further development was tabled

until he has completed some more work on his land.

The Annual Report was read covering the past year. Of most interest was the report on Polio. The official figure for Wilmington is 11 cases, with one death. This was a high incidence, for the population of the town. But there was not one case among the first and second graders who were vaccinated with the Salk vaccine, even

It is planned to ask for funds to give these youngsters the third and final shot of the series. The first two are given by the March of Dimes but the town is asked to contribute for the third.

SERIES OF SERMONS ON GREAT PROPHETS TO CONCLUDE WITH "JEREMIAH" AT METHODIST CHURCH

A series of sermons which have been based on some of the great prophets of the Old Testament will conclude, Sunday, January 29 at the worship services in the Methodist Church at 9:15 and 11 a.m. The Rev. Richard E. Harding will preach on the prophet Jeremiah, who many consider to be the closest in spirit to Jesus.

This series has been preached in conjunction with the World Vision Institute sponsored by the Wilmington Area Council of Protestant Churches.

Local Girls Win, While Boys Lose In Tilt With Billerica Last Friday Night

The local girls brought victory to Wilmington High as they defeated a strong Billerica Club last Friday night. They netted the ball 24 times, while the Billerica Hoopsters netted it 20 times. The locals garnered 6 foul shots, and 18 field goals, for a total of 42 points. Billerica showed signs of improving throughout the game, but they garnered only 17 field goals and 3 foul shots. Nancy Carmichael racked up 28 points for Billerica and Bennet and Ashworth racked up 34 points between them for the locals. Final score was Wilmington, 42; Billerica, 37.

Boys Lose To Strong Billerica

The local boys lost their 4th game of the season to a strong Billerica club. This columnist thinks that this year is a very unlucky one for the locals. WHY? Because at half time Billerica led 29 to 18. Coach Gracie saw that they could really crush the locals so instead of letting his boys rack up over a 100 points, he let the Billerica J.V.'s play.

Wilmington still couldn't gain anything. The closest they could come to Billerica was within 9 pts. Most every boy on the Billerica Bench played, and the locals couldn't do a thing. Moore and Rounds were the high scorers for the locals with 26 points between them. Nugent, Sherwood, and Fox were high for Billerica with 8 points each. Final score was Billerica 54 Wilmington 40. If Coach Gracie was another Hicks, the score could have been Billerica 154 Wilmington 50.

AUTO-PEDESTRIAN ACCIDENT

Several automobile accidents occurred during the snow storm which swept through this area on Tuesday, the 17, not the least of which was one which involved a pedestrian.

Louis Maglio of 12 Glendale Circle was driving south-west on Church St. at 8:25 A.M. as he was drawing to a stop for the lights in the square, a shadowy figure appeared near his right fender. It has not been determined whether Mr. Maglio actually struck Mary Martin of 470 Main St., or whether she slipped and fell beside his vehicle. Mr. Maglio transported the injured woman to Choate Memorial Hospital in Woburn where she was held for observation. Sergeant Imbimbo investigated.

STOLEN RADIO

On January 16, a radio was reported stolen from the garage!

Wilmington still couldn't gain anything. The closest they could come to Billerica was within 9 pts. Most every boy on the Billerica Bench played, and the locals couldn't do a thing. Moore and Rounds were the high scorers for the locals with 26 points between them. Nugent, Sherwood, and Fox were high for Billerica with 8 points each. Final score was Billerica 54 Wilmington 40. If Coach Gracie was another Hicks, the score could have been Billerica 154 Wilmington 50.

ACCIDENT ON GLEN RD.

The left side and front of two automobiles were damaged to some extent when they collided while making a turn on a slippery street at 8:45 on January 17. The accident occurred opposite Lubber Brook and involved Francis Lewis of King St., and Alice F. McCarthy of Lowell. Officer Kelley investigated.

GOVERNMENT WINS AGAIN

The government hit the jackpot again on December 8. On that occasion, an attractive young woman Ph. D. won the \$64,000 on the enormously popular TV show, "The \$64,000 Question." She did this by answering an almost incredibly difficult series of questions concerning boxing, all the way from ancient Roman gladiatorial days to the Dempsey-Firpo fight.

Just how much she must pay in income taxes can't be detailed exactly. However, a single person with an income of \$4,000 who won the \$64,000 would have a tax bill not far short of \$40,000. Inasmuch as the young woman winner is a practicing psychologist and her husband is a medical doctor, it may be presumed that the \$64,000 will push their total taxable income into extremely high levels. Yes, the government is the real winner!

SUNDAY, FEBRUARY 5 LOCAL MOTHER'S MARCH

Due to the popularity locally of the Silver Skates Derby, to be held on Jan. 29, which is the National day for the Mother's March for Polio, the committee in charge of the event in Wilmington has decided to change the date to Feb. 5. This year the Foundation is holding the March on Sunday afternoon, from 4 to 5 to make it a little easier for the mothers who have struck some pretty cold, dark and stormy nights in the past.

Don't forget the date, and watch for the mother who will come to your door. Please open your door, your heart, and your pocketbook.

POT LUCK SUPPER FEB. 1

Women of the Wilmington Methodist Church are cordially invited to a Pot Luck Supper on Wednesday evening, Feb. 1, at 6:30 p.m. Come and bring your family. There will be no charge. Just bring a casserole, salad or dessert. Make it enough to serve six.

So that there will be no women spending the evening in the kitchen, please bring your own dishes and silverware.

After the supper, the regular monthly meeting of the Women's Society for Christian Service will be held. Allen Kent Brown, a graduate student of Boston University School of Theology will speak on the American Indian. He was a member of the Methodist Board of Mission Survey Committee which visited recently many of the Indian reservations.

If you have any question, please call Mrs. William Mills at OLiver 8-2204.

FOUR CHAPLAINS MEMORIAL DAY

National recognition of the first Sunday in Feb. as Four Chaplains Memorial Day is urged by the Disabled American Veterans. Commander William Smith of the Wm. F. Tattersall Chapter said today that the day will be designated by the D.A.V. in honor of the Four World War II Chaplains who voluntarily gave up their lives for their men in the sinking of the troopship Dorchester ten years ago.

The D.A.V. commander suggested that places of religious worship give special recognition on Feb. 5 to the four chaplains who symbolize the deeds of heroism performed by chaplains of all faiths.

WILMINGTON TOWN LEAGUE BOWLING NEWS

Tuesday, the Town League rolled its 18th week of the season and without any team losing their respective place in the standings. First place Benny's Radio downed the third place Dodgers to the tune of four points which gave them a lead of four points over the nearest team. Their

closest rival at this writing is the Boosters who rolled into a four point loss to the West End boys who are now definitely in this real hot race. The 4th place Knickerbockers remained in the 4th place slot as they were downed for three points by the fifth place Spoilers. The North End and Buck Bros. postponed their match due to the snow storm and will roll it off at a later date. The league is still at a very high pitch with all teams rolling for every pin that is possible. This is possibly one of its closest races for the past few years.

All the high standings remained the same. (Next Tuesdays matches finds the Spoilers vs. North End, West End vs. Dodgers, Benny's Radio vs. Boosters and Knickerbockers vs. Buck Bros.)

Highlight of the evening was the cutting of the delightfully decorated cake which was inscribed "Good Luck Mary and John".

PLUMBING and HEATING

SAFETY TIP: Driving on ice and snow calls for slower speeds, more careful starting and stopping, and greater following distances, advises the Triple-A. Snow tires are good; but there's nothing like the safety of chains on icy streets.

The American Forces employed a submarine in the Revolutionary War. It was built by David Bushnell at Saybrook, Connecticut, just a few miles from the present site of the U.S. Submarine Base in

New London.

Although the USS CON-STELLATION is now dry-docked, almost 158 years after her launching, she can lay claim to a few "firsts". She was the first man o' war built and commissioned by the Navy, the first Navy ship to have a specially trained crew, and the first ship on which Marines served.

The many blue and buff portrait of naval heroes which

have come down to us are their glory of color and caplets to the "artistic license" of their painters, since the regulation uniform of the day was blue, red and yellow.

Back in the 1800's it was the custom to enroll very young boys in the Navy. David Farragut, for example, was appointed a midshipman when he was less than 10 years old.

Theodore Thomas On The Mend

Friends will be happy

with the family of Theo-
dore Thomas of West St.,

chester hospital three
weeks ago suffering a

this inquiry we found that
Mr. Thomas is well on the
road to recovery and is ex-
pected home in the near
future.

SOCIALISTIC ILLUSION

"The avoidance of taxes is
the only reason federal or
state development can appear
to furnish electricity at low-
er cost than private enter-
prise."

That statement was made
by the president of one of a
group of taxpaying utility
companies* which are ready
to go ahead with a needed
\$400,000,000 hydroelectric
project on the Niagara River near
the Falls. But Congressional
approval is needed and the de-
velopment has been delayed
for years by the obstruction-
ist tactics of groups which
want the federal government
or New York State to build
the plant.

The spokesman also said
that federal or state operation
would appear to get construc-
tion funds at a lower rate of
interest. "However," he added,
"such apparent saving to the
consumer again is an illusion
since the lower rates of in-
terest generally are due to the
avoidance of taxes on such se-
curities. Again such loss in
taxes must be made up by the
taxpayer."

Socialized power means sub-
sidized power - tax-exempt,
instead of taxpaying, publicly
regulated electric companies.

ANAHEIM, CALIF., BUL-
LETIN: "It might be well for
the public power forces to
glance toward the State of
Washington, long a citadel
of their philosophy. Just recently
the voters of Stevens county
decisively rejected public
power in favor of a private
utility. The issue, briefly, was:
should the private utility buy
out the public utility district
operations, or vice-versa? The
question of rates did not en-
ter into the picture. It was
strictly an ideological ques-
tion—private enterprise vs.
public control."

ALEDO, ALA., TIMES REC-

they don't kill the goose that
lays the golden egg. When
factories shut down, strikes

labor will suffer even more."

SELECTMEN'S MEETING

A group of citizens from Denton Rd., appeared before the board of selectmen on Monday evening to make an other urgent appeal that

something be done about the conditions on their road. Mrs. Cuoco stated that she lives on top of the hill and that even the oil man cannot get his truck up. What, she asks

shall she do with her children when she has no fuel left, bring them to live at the town hall? This group stated that they have been coming before the board for at least nine years now and that it begins to look as if they are being given the old "run around", perhaps until a betterment act can be initiated. They further stated that the hill is so hazardous that they cannot venture up with their automobiles, they must park on the lower level and walk up to their homes. They declared that the street has not been sanded since the last storm. Mrs. Langone quoted a newspaper as stating that their street was not to be finished until 1959 (we hasten to explain that this was merely tentative plan which appeared and had not been definitely decided). Mrs. Neagle told of falling on the ice covered incline with her baby in her arms and that the tot is still limping around as her weight was fully on her baby's leg.

Mr. Courtney stated that until a street has been legally accepted by the town it is directly the responsibility of the abutters and that they can be held responsible for any injuries incurred in front of their homes. Why, then asked

Mrs. Langone, are we paying such high taxes? That is something to be taken up with the assessors was Mr. Courtney's answer.

When tempers began to rise slightly, Mrs. Drew explained that the board was going to discuss highways this evening, they were going to go over the list of streets up for acceptance. She requested that the group trust the board a little longer and have faith. Upon leaving, Mrs. Langone stated that she would watch the papers and that if she did not like what she saw she would be back. However, the board declared that they would hold this discussion in executive session, so we have nothing to report.

During this meeting the following licenses were granted: Frederic Kleynen doing business as "Deb's Canteen" was granted a license to sell food stuffs by mobile unit. The Mid Town Catering Service of 74 Swanton St., Winchester was granted a license to sell food in Wilmington via mobile unit. Rocco's received a Sunday music and entertainment license for the restaurant and donut shop.

Articles which will come up in March were read and approved by the board: To see if the town will vote to accept the provisions of section 48 of the civil service law, chapter 31 of the general laws, with reference to all regular or permanent members of the fire force and the office of chief of the fire force. "To see if the town will vote to accept the act passed by the general laws of 1949, an act relative to the granting of vacations for the members of the regular or permanent fire and police forces . . . three weeks with pay." These articles will of course include the one mentioned many times before regarding town management.

The board received a letter from the town clerk, requesting that they appoint a new member of the school board to fill the position left vacant by the resignation of Mrs. Grady. The board took no im-

mediate action as they stated that members of the school board are elected officials and are not appointed. However an appointment may be made to fill in between now and the March elections.

At approximately ten o'clock the board went into executive session.
